PRESS RELEASE

Virtus Resources Partners AG ("Virtus Resources") receives gas trading license for the Austrian market and clean energy products

Virtus Resources is pleased to announce that it has been awarded a gas trading license and access to the Austrian gas market regulated by Central European Gas Hub AG ("CEGH"). CEGH is the leading gas hub for international companies trading gas between Central and Eastern Europe (<https://www.cegh.at/en/>).

CEGH operates the Virtual Trading Point (VTP) for trading in the entry or exit zone of the Austrian gas market. In addition, CEGH provides also a new platform for trading clean energy products such as biogas or hydrogen that will support the Energy Transition within the gas trading industry.

The market access will be key for Virtus Resources to execute its already contracted natural gas volumes in 2023 and to be able to transact with clean energy products.
